Catechetical Sunday

Catechetical Sunday is
September 19 and the theme
is “Matrimony: Sacrament
of Enduring Love.”

Background materials are
available online at the link
below or by clicking on the
picture. The free online
materials include prayer
resources, art, catechist
commissioning materials,
plans for a catechist in-
service.

Those who have been
designated by the
community to serve as
catechists will be called
forth to be commissioned
for their ministry.

Catechetical Sunday is a wonderful opportunity to reflect upon the role that each person plays, by virtue of Baptism, in handing on the faith and being a witness to the Gospel. Catechetical Sunday is an opportunity for all to rededicate themselves to this mission as a community of faith.

Make sure all catechists who are serving in disability ministry, including those providing individualized catechetical support, are welcomed to participate in the commissioning services.

October 5th Webinar on Prenatal Diagnosis

We are so excited to see the variety of participants who have registered already for our Oct. 5 webinar, *Threats to the Lives of People with Disabilities, Part I: Prenatal Diagnosis of Lethal or Non-lethal Conditions and Disability*. With the increasing use of prenatal testing, many expectant mothers experience pressure to undergo abortion if their unborn child is found to have a potential physical or mental disability. Recent studies have shown that 90% of women who receive a prenatal diagnosis of Down syndrome, for instance, decide not to carry their child to term. Yet when parents receive appropriate information and support—that percentage drops significantly.

One of the best things we can report is the way dioceses across the US are organizing sites through cross-departmental efforts, more than ever before for our webinars. (See the list below in "Diocesan/Partner News and Notes." At the heart of these teams are found disability ministry

directors, leading the process with their pro-life, family life, hospital, and pastoral care counterparts. How exciting. [Click here](#) to register, download a flyer, and/or get more information.

The conference will feature Dr. John Bruchalski, OB/GYN, Fr. Dan Mindling, OFM Cap., Tracy Winsor, MPA, and Monica Rafie, and will be moderated by Marie Hilliard, JCL, PhD. RN.

As we continue to refine the script and develop resources to upload to our website for your ministry support, we appreciate your contact with requests of what you would find helpful for use in direct service, volunteer training, presentation materials, awareness, etc..., in relationship to the topic of prenatal diagnosis.

Ministry Foundations Project Pilot in Washington

The Ministry Foundations Project has been an epic in the making. But it has been done with you and your needs in mind. We will keep you posted about when and where the actual trainings will be available.

Looking through our files, I found an early formal proposal that was created by the original project Steering Committee. Within that Oct. 21, 2005 document, they wrote: "Among professional and volunteer workers in parish and diocesan programs there is a lack of understanding of the needs of persons with disabilities and a corresponding lack of knowledge and skill necessary to meet their needs. The purpose of this Seminar is to offer a short but intensive orientation to Ministry with Persons with Disabilities." We have held true to that statement and now, nearly 5 years later, Oct. 25-26, 2010, we will hold the first pilot of that training that is for evaluation purposes, only. Thirty individuals have been invited to attend, to experience, and critique the evening and day of activities, presentations, PowerPoints, and one-hour video which features the testimonies, stories and ministry of people with disabilities across the United States who were filmed at their locations for that purpose. If all goes well, it will be available for you next year at sites from East to West.

Deepest appreciation goes to the committee that has worked with NCPD staff to put the MFP pilot together and will present at the inaugural session in DC on Oct 25-26. They are:

Ann Sherzer, Director of Disability Ministry, Diocese of Kalamazoo

Marsha Rivas, Director of Disability Ministry, Diocese of Toledo

Anne Masters, Director of Disability Ministry, Diocese of Newark

Rose Parker, now past Director of Disability Ministry, Diocese of Wheeling - Charleston & Archdiocese of Washington, (married, moved to Germany and is now back, just moving into their new home in Alabama)

Margaret Shufflebarger, University of Dayton, Institute for Pastoral Initiatives

Welcome back to a new Ministry Year!

Please don't forget to visit our website www.ncpd.org to take advantage of the resources you will find to use as you plan your programs for the year, prepare for catechist inservice, and focus on awareness in parishes so children and youth with disabilities will be brought to register for parish and Catholic school programs. The entire website is intended to be a toolkit for you, with as many things as possible being available for your download and use. Our prayers and blessings are with you for the new ministry year. Please do not hesitate to call if we can be of assistance to you.

NCPD Needs Your Support

Donate
to NCPD

NCPD relies on freewill support from affiliate diocesan members....**and donors like you.** Your help is needed now more than ever to enable NCPD to carry out its many planned initiatives for 2010.

Please help support NCPD through a one-time donation or monthly pledge. You can make a great difference in enabling Catholics with disabilities to be nourished in their faith and be contributing members of their parish communities.

Please act today to help sustain the important ministry of NCPD.

White Mass Honoring the Gifts of Persons with Special Needs

Archbishop Donald W. Wuerl will be the principal celebrant for the archdiocese's first annual "White Mass" to honor the gifts of persons with special needs, on Sunday, October 24, 2010 at 11:30 a.m., Cathedral of St. Matthew the Apostle, Washington, DC. The Mass will bring together national, regional and local leaders who have special needs and those who care for or serve them. Persons with special needs, family members, clergy, pastoral care workers, ministry and nonprofit staff, as well as leaders in business and government will also attend. The Mass has the designation of white because of the color's connection to baptism. The Mass will be sign language interpreted and the Cathedral is wheelchair-accessible. For more information about the Mass or accommodation requests, contact Peg Kolm at the Department of Special Needs Ministries, 301-853-4560 or at mkolm@adw.org

Catholic Charities USA to Celebrate Centennial

Affirms 100-year commitment to serve those in need.

September 25, 2010 Catholic Charities USA, one of the nation's largest social service networks serving over 9 million people each year, will celebrate the 100-year anniversary of its founding.

Over 1,000 social service professionals from across the country will come to Washington, DC for the 4-day celebration, which will feature international Catholic leaders, national speakers, experts in poverty reduction, and representatives from partner organizations.

Highlights of the gathering include a main liturgy at the Basilica of the National Shrine of the Immaculate Conception on September 25, celebrated by Francis Cardinal George, President of the US Conference of Catholic Bishops and past long-time NCPD Board Chair.

Catholic Charities USA was founded in 1910 "to bring about a sense of solidarity" among those in charitable ministries. Since 1910, Catholic Charities USA has encouraged professional social work practice, provided opportunities for training and networking, and served as a national voice and expert on poverty issues. Many diocesan disability ministry offices are housed within Catholic Charities offices. The Centennial is a time for us to reflect on their past accomplishments and celebrate the contributions they continue to make in the lives of people with disabilities. For more information about Catholic Charities USA's Centennial activities, visit <http://www.catholiccharitiesusa.org/centennial>.

Government/Legislative News and Notes

Funding Blocked for Embryonic Stem Cell Research

The U.S. bishops welcomed an August 23, 2010 decision from a federal district court judge that blocked the U.S. President's executive order to expand federal funding for research on embryonic stem cells. In a statement on August 24, Cardinal Daniel DiNardo, chairman of the Committee on Pro-Life Activities of the United States Conference of Catholic Bishops, a long-time NCPD Board member and our current Episcopal Moderator, welcomed the decision as a "victory for common sense and sound medical ethics." See Cardinal DiNardo's statement at www.usccb.org/comm/archives/2010/10-152.shtml.

He went on to say, "I hope this court decision will encourage our government to renew and expand its commitment to ethically sound avenues of stem cell research," Cardinal DiNardo added. "These avenues are showing far more promise than destructive human embryo research in serving the needs of suffering patients."
