

MI Network News

The Monthly Newsletter of the National Catholic Network on Mental Illness

SEPTEMBER 2010

**Greetings to all who are on our MI Network.
May God's grace be with you!**

Recently, there was a story in America magazine about a ministry person who worked with street children in Brazil. She related how she was introducing the children to Bible stories and helping them to reflect on them. One day she told the story of the prodigal son. She stopped the parable at the point where the younger son decided to return home, and she asked if the children thought the prodigal son would be able to go back home. One youngster spoke up and said. "It depends," he said. "On what?" the teacher asked. "On whether there is a mother in the house. If there is, then she will work on the father and get him to finally accept the son back."

I think the young child expressed a very human feeling, that it is very comforting to have someone in your corner who can help smooth the way. As we reach out to people with mental illnesses especially those who are often wary of coming to or coming back to church, we can be that person who will smooth their way. We welcome and invite people to a deeper reality that gives life meaning and hope.

May God continue to bless all you do,

Deacon Tom Lambert

We will be lighting candles—one for each petition, but the public can bring their own petitions and join the lighting of their candles with ours.

PRAYER OF LIGHTING OF THE CANDLES

In seeking God's guidance, we can commit ourselves to replacing misinformation, blame, fear and prejudice with truth and love in order to offer hope to all who are touched by mental illness.

-We light the candle of **TRUTH**, that God will help us dispel ignorance and misinformation about major depression, bipolar disorder, schizophrenia, severe anxiety and obsessive compulsive disorder: Lord, hear our prayer.

-We light the candle of **HEALING**, that troubled minds and hearts, broken lives and relationships might be healed. Lord hear our prayer.

-We light the candle of **UNDERSTANDING**, that the darkness of stigma, labels, exclusion and marginalization might be dispelled for the sake of those touched by mental illness. Lord hear our prayer.

-We light the candle of **HOPE** for persons and families living with mental illness, for better treatment, for steadier recovery, for greater opportunity to work and serve. Lord hear our prayer.

-We light the candle of **THANKFULNESS** for compassionate, dedicated caregivers and professionals, for new discoveries in brain research and better medications. Lord hear our prayer.

We are hopeful of getting funding to do more one-day awareness workshops and 3-day advanced trainings like what was piloted in 2009. The Council can also be a resource for people planning their own local meetings. Please let us know if we can be of assistance or if you know of any funding sources for our work.

FROM THE EDITOR

We invite you to tell us about your ministry. What are you doing, what are your hopes, and what are your struggles? One of our goals is to network ideas and ministries so that we can all share in the day-to-day life of people trying to make a difference by being Christ to one another.

Please send all emails to me, Deacon Tom Lambert, at olmcinfo2@aol.com and put **NCPD Council on MI Network** in the subject line. You can also call me at 773-525-0453 if you have any questions or ideas.

Please consider making a donation to support the mission of the Council on Mental Illness. Your help allows this effort to continue.
