NCPD Webinars as Catechist Formation, Collaboration, and (New) Evangelization Tools

Online trainings can support professional development, collaboration, formation and action around a topic. NCPD calls it the "webinar effect"---because ministries and efforts get started or revitalized after staff and volunteers watch the webinar together. August's Inclusion Tip:

Supporting Returning Veterans

from Marsha Rivas, Diocese of Toledo's
Director, Equal Access Ministries

TIP SHEET

“The road home from war is longer, steeper and often more challenging than the road to war for most soldiers and their families. ... Yellow ribbons are nice and much appreciated. Love, support and a ‘cup of cold water’,

however, is the incarnational gift of Christ, through His Church, to the combat veteran and family.”

A Place for All: Classroom Management for all Types of Learners

Large-print Resource Available to Help Prepare for Roman Missal

from Deirdre Malacrea, RENEW International

I am writing to let you know about a unique resource for the new translation of the *Missal* entitled, *Lifting Up Our Hearts: Praying with the Third Edition of the Roman Missal*.

Recognizing the need for those with

visual impairments to prepare for the new text changes coming to the Mass this Advent, RENEW International developed our resource in both a large-print and standard-print edition. The print materials are in size 16 font and above. *Lifting Up Our Hearts* offers a six-week faith-sharing book about the *Third Edition of the Roman Missal* written for the person in the pew. Each book includes a tear-out pew card (also in large print) with the new responses. There is an accompanying music CD. The large-print publication was made possible through the generous support of the La Velle Fund for the Blind, Inc. You can read more about the resources at www.renewintl.org/missal.

Government/Legislative News and Notes

CALL TO ACTION: Urge support of the *Respect for Rights of Conscience Act* in response to new HHS Requirements to Provide Sterilizations, Contraceptives, and Abortifacients

The recent mandate by the U.S. Department of Health and Human Services (HHS) that private health plans be required to cover all FDA-approved contraceptives under the Patient Protection and Affordable Care Act has caused a great deal of concern and alarm for Catholic healthcare agencies across the country. The mandate requires Catholic healthcare facilities and insurance carriers to provide services contrary to Catholic Church

teaching.

UNITED STATES CONFERENCE OF CATHOLIC BISHOPS

Daniel Cardinal DiNardo,
chairman of the Committee
on Pro-Life Activities of

the United States Conference of Catholic Bishops and NCPD Episcopal Moderator, states “Catholics are not alone in conscientiously objecting to this mandate. The drugs that Americans would be forced to subsidize under the new rule include Ella, which was approved by the FDA as an ‘emergency contraceptive’ but can act like the abortion drug RU-486. It can abort an established pregnancy weeks after conception. The pro-life majority of Americans – Catholics and others – would be outraged to learn that their premiums must be used for this purpose”.

See full USCCB press release.

In a letter to the editor in the August 6 Washington Post Sister Mary Ann Walsh, director of media relations for the U.S. Conference of Catholic Bishops, stated "**HHS defines Catholic ministry as service by Catholics for Catholics. This means the only way a Catholic agency could remain true to its religious identity — and maintain a religious exemption — would be to refuse treatment to people who aren't Catholic and to hire only Catholics. It is not up to HHS to decide which teachings are valid for a church.**"

[READ MORE](#)

CALL TO ACTION: The mandate issued by HHS demonstrates the need for a renewed call for protections for the conscience of healthcare workers. Urge your congressperson to support the *Respect for Rights of Conscience Act* (H.R. 1179). As Cardinal DiNardo reminds us, “Those who sponsor, purchase and issue health plans should not be forced to violate their deeply held moral and religious convictions in order to take part in the health care system or provide for the needs of their families or their employees. To force such an unacceptable choice would be as much a threat to universal access to health care as it is to freedom of conscience.”

Catechetical Sunday is a wonderful opportunity to reflect on the role that each person plays, by virtue of Baptism, in handing on the faith and being a witness to the Gospel. Catechetical Sunday is an opportunity for all to rededicate themselves to this mission as a community of faith."
